Subtd.

The Secretary to the Resident phoned to me to fix a time to meet an army officer and accordingly one Major Garrett met me today at 11.30 a.m. and he told me that Mr Tudor is a proposal to take batches of 200 to 250 pioneers to Salcombe for training in the Dartmoor round about Shinner's. He also informed me that the Residency had addressed the Bystone Govt: in this behalf.

2. The Major wanted permission for tramping & carrying out training near Salcombe. He wanted a reply by phone today to enable him to go to Shaugh & make preliminary arrangements.

I may kindly be instructed whether the local staff may be addressed to render help etc.

*Dated Bangalore, the* 2nd June *1942.*

Engineer Training - Watermanship - Improvised Bridging.

SIR,

I am directed to state that the Military authorities require most urgently an area where watermanship in running water and wet and dry improvised bridging may be carried out. They say that a suitable site was found for the purpose at Sakrebail in Shimoga District as a result of a reconnaisance in another connection in February 1942, when Mr.Muthana, District Forest Officer, Shimoga, was also present. Their desiderata are as follows:-

(a) A permanent camp area for 250 men.
(b) Permission to cut down such trees as would be required for bridging operations; this need be done only in case of trees marked by the Forest Department as suitable for felling and for which compensation would be paid if required.

(c) Sanction to use a stretch of the River Tunga for rowing and bridging purposes.

2. The Hon'ble the Resident would be grateful if the Government of Mysore would kindly accord the necessary permission.

As the Military authorities are anxious that the training should commence at once, I am to request the favour of a very early reply.

I have the honour to be,
Sir,
